

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is

wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y.

The regular fifty cent and dollar sizes are sold by all good druggists.

Don't make any mistake but remember this, name Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

on every bottle.

Canton, Ohio, Druggist.

I was a miserable incurable, it appeared, for years, with stomach, liver and some slight difficulty with kidney trouble. Treated by physicians, used all patent medicines I heard of or knew of. No relief. But suffered a continual sinking and falling off in flesh until I was treated with Denn's Sure, Safe and Speedy (S. S. S.) Cure. It made a big improvement at once. Cured me right up. KENNEDY'S LAXATIVE

COUGH SYRUP

DIPLOMATIC RUMORS

Do Not Disturb the Present Japanese Ambassador.

Washington, June 18.—State department officials and members of the diplomatic corps were much interested in the statement in a Tokyo newspaper, the Hochi, that the Japanese government probably would recall Viscount Aoki, the Japanese ambassador, and is considering the appointment of Baron Kaneko as his successor. It was stated authoritatively, however, that "if the Japanese government has any intention of recalling Viscount Aoki, the news will not be first announced to the world through the columns of the Hochi," and that "Ambassador Aoki does not attach any credence to the report."

May Change Ambassadors.

Tokio, June 17.—The Hochi says this morning that Viscount Aoki, Japanese ambassador to America, will probably be recalled and that he will likely be succeeded by Baron Kaneko, former minister of justice, who was sent to the United States during the Russian Japanese war on a confidential mission from the Japanese government. During the Portsmouth peace conference he was credited with having urged Japan's agreement to the terms as finally signed.

Japs Silence Demagogues.

Tokio, June 18.—The attempt of the Progressives to make party capital out of the San Francisco affair has proved fruitless, as the national sense is plainly opposed to dragging national questions into the arena of party politics.

Remarkable Rescue

That truth is stranger than fiction has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed for coughs and colds 50c., and \$1.00, by Severs Drug Co. Trial bottle free.

Revolutionary Movement Failed.

Managua, Nicaragua, June 18.—The revolution started in Salvador, in which Nicaraguans aided the revolutionists, resulting in the capture on June 11 of the important towns of Acacutla and Sonsonate, has gone to pieces. The expeditionary chief, General Alfaro, did not continue the advance because his numerous partisans did not concur with him that the time for such advance was opportune, thus resulting in the failure of the movement.

Norway Gives Women the Ballot.

Christiania, June 15.—The Norwegian parliament rejected, 73 to 47, the bill providing universal suffrage for women, but adopted, 96 to 25, a bill granting the franchise to all women twenty-five years of age or over, if the income is \$113 in cities and \$84 in the country. It creates a total of 300,000 women voters.

BOSTON'S OLD HOME WEEK.

Magnificent Entertainment Being Prepared For Visitors Expected.

Boston during the week of July 28 to Aug. 3, this year, will have a grand home coming celebration, which seems likely to eclipse anything of the kind ever planned before, says the New York Post. The city, it is expected, will have not less than 100,000 visitors, and \$300,000 are being raised for their welcome and entertainment. Mayor Fitzgerald will have the help of a committee of 1,000 picked men from every walk of life. An executive committee of seventy-five has been appointed, including some of the best executive talent and business ability in Boston. The suburban improvement societies, the patriotic societies, all the "sons" and "daughters" of the Revolution are co-operating with the different committees.

The show will start on Sunday, July 28, with "founders' day." Monday will be "patriots' day," Tuesday "Greater Boston day," Wednesday "New England day," Thursday "Massachusetts day," Friday "women's day" and Saturday "military day." Every day will have its big feature and its numerous smaller attractions. Every evening will have its entertainments, its receptions, its public meetings, its reunions.

The entire militia of the state in new uniforms will be mobilized on military day, and a squadron of United States battleships, cruisers, gunboats and torpedo destroyers will maneuver in the bay and harbor. There will be a dozen family reunions in progress. There will be monster parades, civic, fraternal and military. There will be illuminations, electric parades, river carnivals, balloon ascensions and a grand firemen's muster. There will be aquatic sports, yacht races, fishermen's race for a cup given by Sir Thomas Lipton, bicycle races, automobile races, track athletic contests and baseball games. There will be historic pilgrimages, literary exercises, sermons, banquets, free concerts all the while, free exhibitions and entertainments, free industrial exhibitions and free shows for the children. All of Boston's historic landmarks will be marked, ticketed, labeled and explained. All state and municipal historic show places, such as Bunker Hill monument, art galleries, museums, Faneuil hall, the Old South Meeting House, King's chapel and the like will probably be free to the visitor.

TAX ON BACHELORS.

Baltimore Mayor's Plan to Increase City's Revenues.

Mayor J. Barry Mahool of Baltimore has stirred up a hornet's nest by suggesting to a meeting of tax experts who want to increase the city's revenues that bachelors should be taxed, says a Baltimore special dispatch to the Philadelphia Press.

"How much of a tax do you think bachelors ought to pay?" was the question asked of Mayor Mahool. He said: "Why, they should pay at least \$100. Tax them to the limit is my motto. If they are wealthy bachelors we ought to tax them high."

"Of course when they get married we will give the money back to them. But if they are hardened sinners and refuse to get married we ought to keep on taxing them heavily."

"But how about the spinsters? Would you tax them also?" was asked.

"That is a rather delicate question," said the mayor. "I don't know so much about taxing them. A bachelor is so by choice. He just deliberately sits down and says he won't marry, and that is the end of it. Now, I think we ought to get after such selfish men and make them contribute more heavily to the city's treasury than do married men."

LENGTHY BASEBALL GAME.

School Teams in New England Play Twenty-eight Innings.

A record game of baseball as to length, a world record, it is believed, was played recently between the Henry L. Pierce grammar school of Dorchester and the Bennett school of Brighton, says a Boston special dispatch to the New York Times. For twenty-eight innings both teams struggled for supremacy. The Pierce school finally won out by the small score of 4 to 3. The game, which lasted more than three hours, abounded in spectacular plays. Both pitchers stuck to the game until the finish, although both were asked to give way to some of the substitutes. Score by innings: Pierce—002 000 000 000 000 000 000 000 1—4 12 3 Bennett—003 000 000 000 000 000 000 0—3 11 3 Batteries—Pierce, Goodale and Emery; Bennett, O'Connor and Ruggles.

Safety Vault on Ocean Liner.

Another innovation has been made for the convenience of those who go down to the sea in ships and have money to pay for the going, says the New York Times. A safety deposit vault has been added to the equipment of the Hamburg-American liner Kaiserin Augusta Victoria. The vault is the size of three staterooms, and the fire-proof safe occupies the greater part of that space. It contains 150 boxes. A passenger may obtain a box by application to the purser. The holder of a box key can put his valuables into his box and take them out when needed.

Wonderful Speed at Typewriting.

James Wright, a Newcastle (England) typewriter, whose record was 106 words in a minute and 82 words a minute for an hour, has beaten his own record, doing 84 1/2 words a minute for 10 minutes and then 107, 107 and 110 words a minute, says a London cable dispatch to the New York Sun. The matter was dictated business correspondence which Wright had not previously seen.

ECCENTRIC TIP WILSON.

(Owensboro Messenger.)

Breckenridge county has one of the most remarkable inhabitants in Kentucky, known throughout the county as "Uncle Tip" Wilson. Mr. Wilson has become so well known by his peculiar ideas that his home is visited by many people out of mere curiosity.

Uncle Tip has just completed a specially constructed coffin to be used for his body when he dies, and from present indications he expects to shuffle off this mortal coil within a short time.

The coffin was constructed by his own hands, and this is the second box he has built to be buried in. The first box, which was in some respects similar to the one just completed, was given to a neighbor for the burial of a relative, as no coffin could be secured in time to bury the remains.

The second box is filled with equipments for a first-class funeral. His clothes, which he wants to be dressed have been placed in the box, with a quantity of tobacco to keep insects from destroying them. All that is required to complete the outfit is a white shirt. This is now being made by a woman.

Tip Wilson, who lives near the town of Harned, is eighty-five years old has been married twice. Both wives are dead, but a number of his children are living. He has written a number of sheets of paper with instructions to be carried out in regard to his funeral. He makes a request that his sons dig the grave. At first he requested that they dig it to a certain depth and then make a tunnel and his remains were to be placed in this tunnel. Later he changed this plan and said that the tunnel should be left out, as it would require too much work. He does not, under any circumstance, want to be under obligations to any one. Mr. Wilson is in good financial condition.

He lives by himself in a log house which is said to be over a hundred years old. He is a prosperous farmer. He sleeps in the same room in which his coffin rests on two chairs. A few years ago he was said to be the strongest man in this section of the country. Being perfect physically, he made a reputation for his strength.

It is said that his sons will carry out his requests as to his burial. Mr. Wilson goes out the spot selected for his grave, beside that of his second wife and says he talks to her every day. Mr. Wilson takes pleasure in showing his coffin to those who call at his home to view it.

Hospital Closed for Lack of Money.

Paris, Ill., June 21.—St. Anthony's hospital this city, is temporarily closed, owing to financial difficulties. The local ministerial association has on foot a project for a union county hospital, which is expected to take form within two or three weeks, but it has not been decided whether to take over St. Anthony's or build a new institution.

Three Trainmen Killed.

Florence, Colo., June 21.—The boiler of a Rio Grande locomotive blew up one mile east of Florence, killing engineer Thomas Ewing, fireman O'Brien and brakeman Doch, all of Pueblo. The train was wrecked and the track torn up for several hundred feet.

It Costs Nothing

To find out for a certainty whether or not your heart is affected. One person in four has a weak heart; it may be you. If so, you should know it now, and save serious consequences. If you have short breath, fluttering, palpitation, hungry spells, hot flushes; if you cannot lie on left side; if you have fainting or smothering spells, pain around heart, in side and arms, your heart is weak, and perhaps diseased. Dr. Miles' Heart Cure will relieve you. Try a bottle, and see how quickly your condition will improve.

"About a year ago I wrote to the Miles Medical Co., asking advice, as I was suffering with heart trouble, and had been for two years. I had pain in my heart, back and left side, and had not been able to draw a deep breath for two years. Any little exertion would cause palpitation, and I could not lie on my left side without suffering. They advised me to try Dr. Miles' Heart Cure and Nervine, which I did with the result that I am in better health than I ever was before, having gained 14 pounds since I commenced taking it. I took about thirteen bottles of the two medicines, and haven't been bothered with my heart since." MRS. LILLIE THOMAS, Upper Sandusky, Ohio.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.
